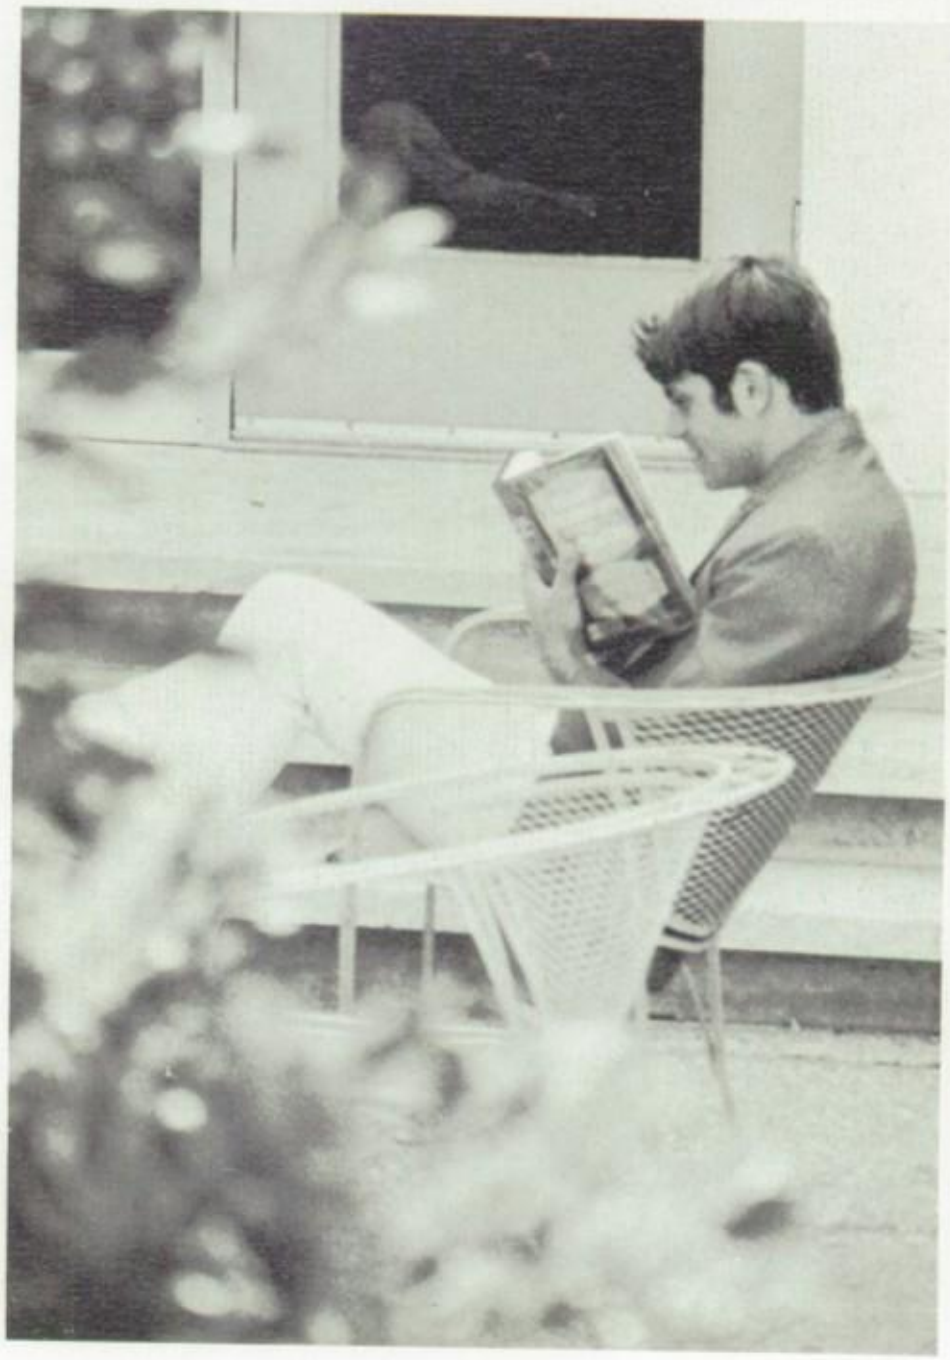
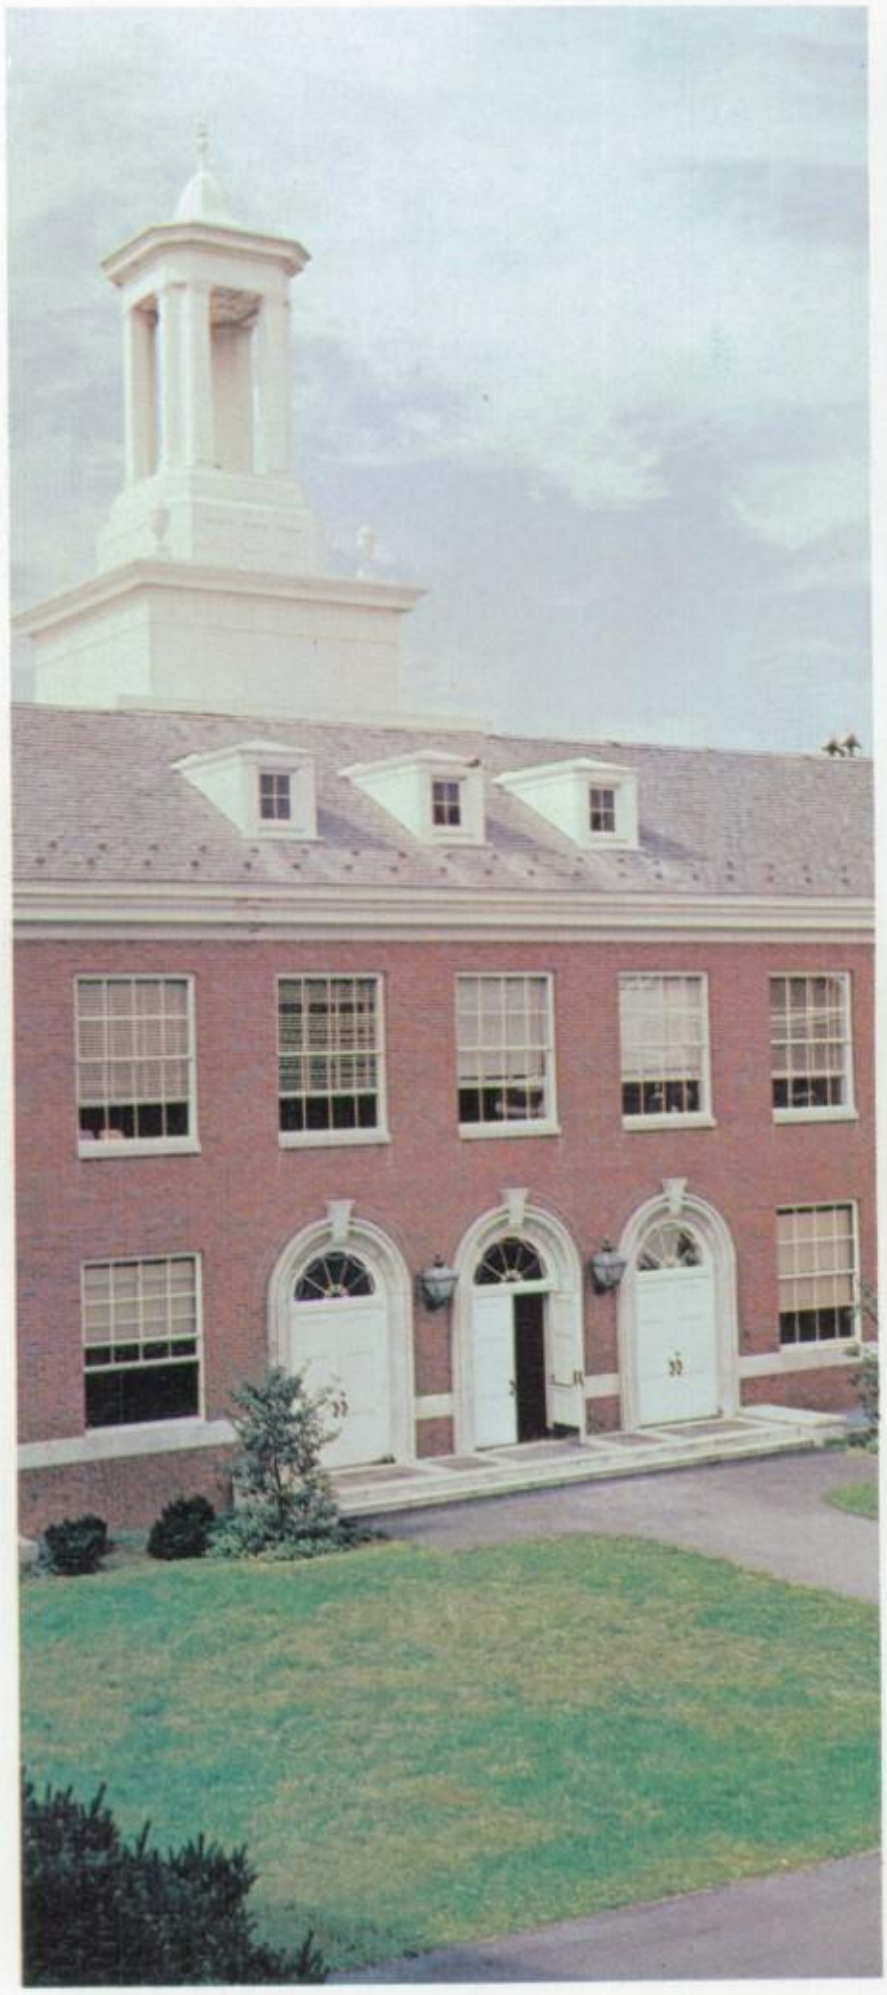
COLOPHON TRIBUTE . 152



"To strive, to seek, to find,

And not to yield."

Tennyson's "Ulysses" theme is as applicable today, to the class of 1969, as it was to the Victorians. Its dictum, so devoid of nihilism, is a necessary directive for a viable society.



To Strive . . .

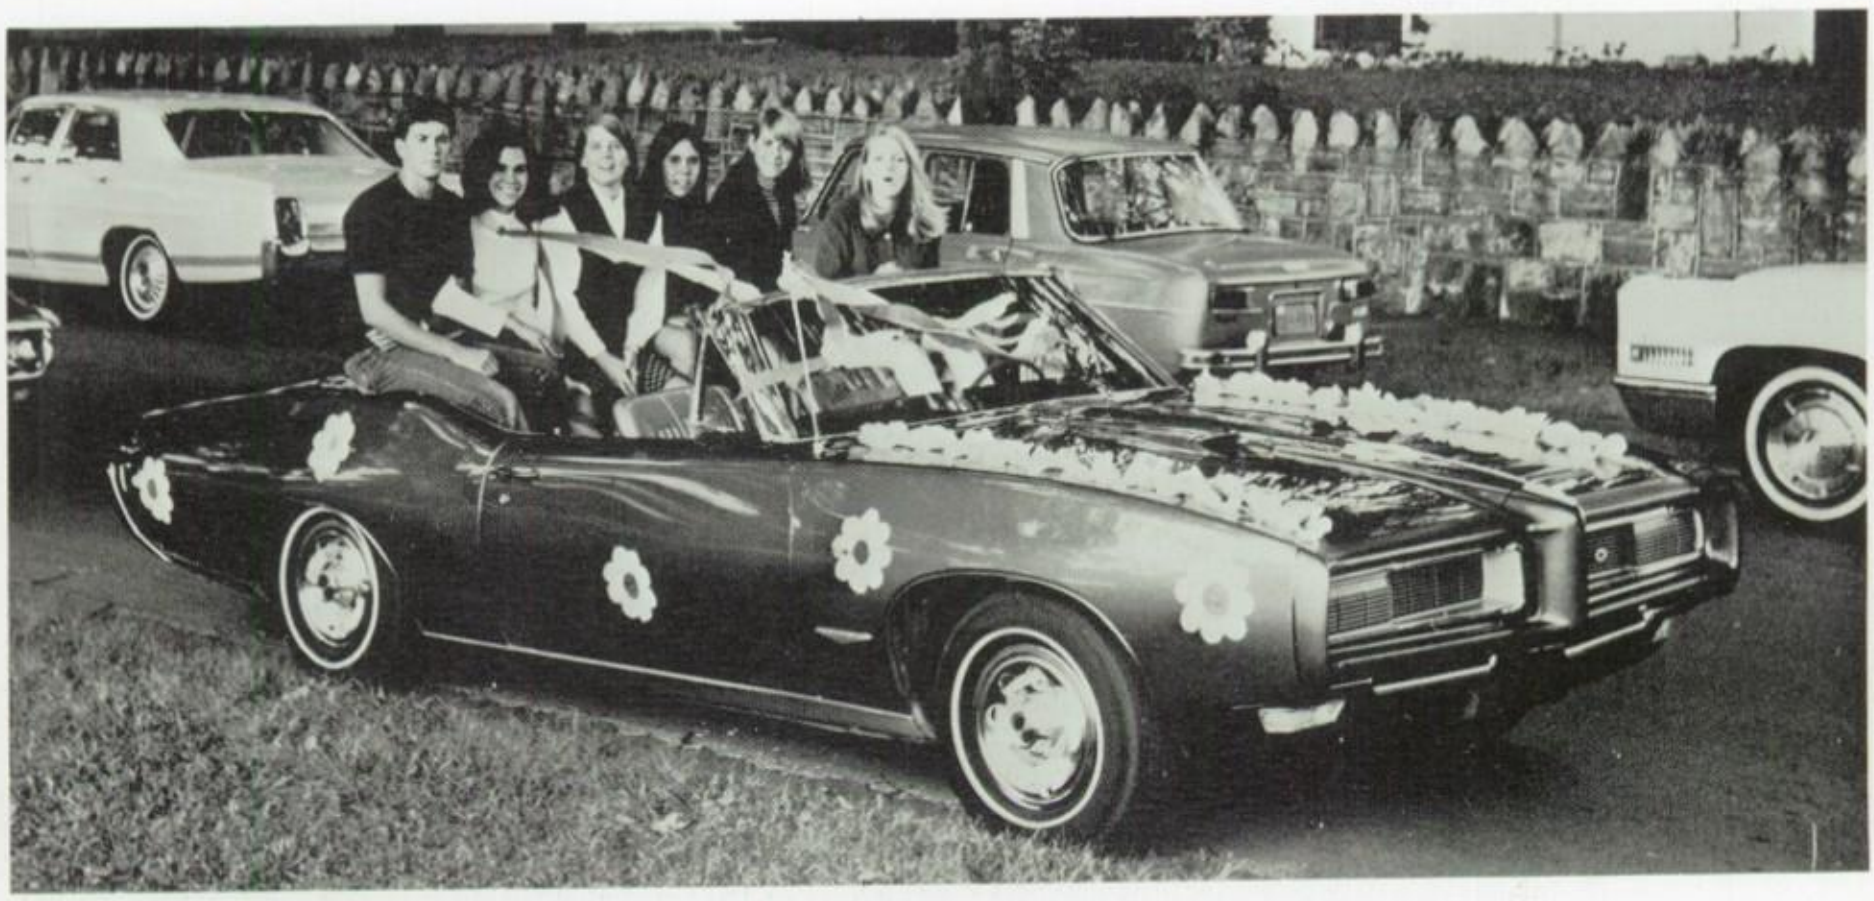
for athletic excellence
and good sportsmanship.

To Seek . . .

knowledge and maturity
through formal study.

To Find . . .

relaxation and fulfillment in extracurricular activities.



And Not to Yield.

Spartan Sports 1969

The Boroughs of Wyomissing and West Reading teamed up athletically for the 1968-1969 season. This merger served as a transitional prelude to the uniting of the two school districts, a fact which will become official on July 1, 1969. Students from both schools have had the opportunity to become acquainted with each other by playing on joint teams under the same coaches, by attending pep rallies and games together, and by patronizing the numerous basketball "Victory Dances." Students at both schools chose the appellation *Spartans* for their teams.

The athletic merger has produced a wider range of sports activities for the Spartans. Girls' hockey and basketball aggregations, initiated in the fall, played under the same banner.

Athletic interest also has increased sharply this year. Since the number of aspirants vying for berths has increased, the competition was keener and the qualifications stiffer. The result was a discernible increase in esprit de corps.

Thus, "*Spartan* Spirit" has soared this season with twelve varsity and twelve junior varsity cheerleaders enthusiastically leading the partisans and encouraging the players on to victory. Pep rallies, color days, and poster contests have helped to inflate morale to an all time high.

Football

Football has always been an exciting part of autumn life at Wyomissing. The concentrated efforts of the coaches, managers, and players have given Wyomissing a winning spirit that has been hard to defeat. Especially during the 1968-69 season have enthusiastic spectators exhibited a fervid support of our football endeavors. The athletic unification of Wyomissing and West Reading presages a rosy future.

This year Wyomissing Area High School enjoyed one of its finest basketball seasons. With the combination of West Reading and Wyomissing High Schools' resources, the *Spartans* finished with a record of 14 wins and 8 losses. Rocked by games with talented or hot clubs, the team always remained a dedicated unit. The highlight of the season was the 69-58 defeat of previously undefeated Conrad Weiser.

Doug Wiest, the high scorer for the *Spartans,* scored 35 points in a loss to Muhlenberg. Mike Garner was a close second to Wiesty in scoring, but was bothered in the middle of the season with a leg injury. The defensive work of John "Hondo" Schlegel and the rebounding of Steve McBride finished the task of the starting seniors. George Frill and Jim Bechtel, juniors, completed fine years of Varsity play. Backing up the starting five were Seniors Brian Hummel, Gene Blimline, and John Speicher and Juniors Barry Lehr and Rick Wildermuth.

Coach Sherry, with his sense of teamwork and defense, completed a capable job with the new merger. Hopes were high for Class C play-offs but a District III ruling one week before the season's finish classified the *Spartans* as a "B" team.

This fine season will serve as a goal for future *Spartan* teams. Our hopes look good for the future with four junior members of the Varsity returning, and members of our Western Division Junior Varsity Champions graduating to the Varsity.

Junior Varsity Basketball

Spartan fans can cast a promising eye to the future, for their Junior Varsity won the Berks County Western Division Championship. Dominating the Western Division, the J.V.'s were not sidelined until a hard-fought County Championship loss to Mount Penn. Promising prospects include Dan Fallon, the high scorer; John Mikulsky, a tough rebounder; and Joe Fister. Others who saw starting action include: Bill Keffer, John Veil, Dave Cote, Dave Smith, and Reid Seasholtz. The team compiled an overall record of nineteen wins and three losses.

MESSAGE FROM MR. EDWARDS

Your theme, "To Strive, to Seek, to Find, and not to Yield," I find particularly apt. Today, when regarding the social turmoil of youth's demanding a drastic change in the status quo, I like to believe that the unrest is necessitated by a genuine desire to seek new avenues of endeavor, to find definitive answers to our complex problems, and to resist yielding to complacency, a dry rot in itself. You have been striving all along during your stay here. All of you have found some answers to your pressing questions. I hope none has yielded to sloth and apathy. In the days ahead, then, your *Colophon* motto can be a talisman, be you in college or in industry. Keep your cool and continue "To Strive, to Seek, to Find, and not to Yield."

MESSAGE FROM DR. PERSING AND MR. STAUFFER

The culmination of our efforts should be that which represents truth, justice, and honor. These are the very values which represent the keystone of our society—yes, and even our civilization. The most noble of organizations must rest on these basic propositions which have been held sacred. Yet, today, we hear these self-ordained orators clamor for a surrender of our system. However, these same "percipients" offer not the mere suggestion of what should be constructed in place of our enterprise.

If our way of life is to survive the vicissitudes of reasonable dissent, then we must first know what the true values are that we wish to strive for, to seek, to find, and not to yield. For the vista of greatness, man is not to be extreme in only one direction, but to touch both simultaneously.

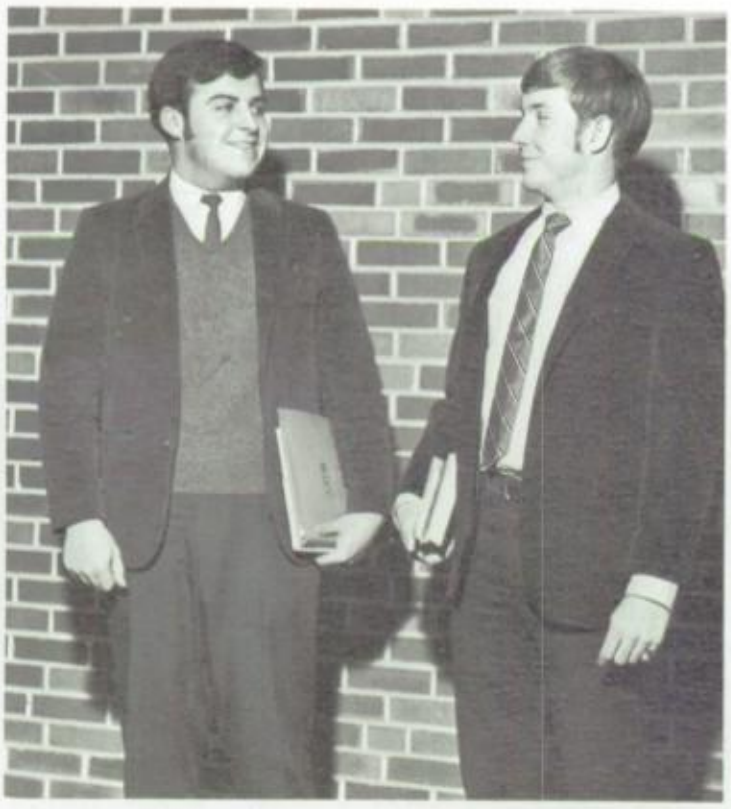
AMPARITO DEL CARMEN MUNOS GONZALEZ

Amparito del Carmen Munos Gonzalez, our Rotary exchange student from Santiago de Chile, "likes everything about the United States." The two facets of American life that impressed her most were the free choice of courses in school and the helpfulness of Americans towards a foreign visitor. Amparito lived with Beverley Wahl and Nina Smith during her stay in Wyomissing. "I feel at home, just like Chile." She enjoys ping pong, tennis, basketball, the guitar, psychedelic music, and driving. Upon her return home, she hopes to attend a Catholic university and study medicine.



GUILLERMO ALWIN PINOCHET

Guillermo Alwin Pinochet was our American Field Service student from Punta Arenas, Chile. Arriving in Wyomissing on August 9, 1968, he stayed at the home of Mr. and Mrs. Charles Fisher. Guillermo participated eagerly in the activities of the Senior Class. He enjoyed the numerous senior parties, and will always remember his I. T. assignment. He was most impressed by the carpeting in the senior high. He defines Wyomissing as an example of the Utopians' Perfect Community. Upon his return to Chile, Guillermo plans to continue his education in college. The members of the Senior Class will long remember Guillermo as a wonderful addition to their group. We hope that he will have many pleasant memories of his year with us at Wyomissing.

CHRISTINE GSCHLADT

Christine Johanna Theresia Gschladt, from Asparn, Austria, was also an American Field Service delegate to Wyomissing this year. She arrived on February 13, 1969, staying at the home of Mr. and Mrs. Loyal C. Radtke. Christine enjoys all types of sports, but skiing and skating are at the top of her list. In school she is most interested in history, languages, and literature. When Christine returns to Austria, she plans to finish her last year in high school. "Tina" was impressed by the informality of Americans and the freedom the students have in school. She enjoyed our use of "slang," but at times found it most confusing. We thoroughly enjoyed Christine during her stay and we hope that her visit with us proved to be as profitable to her as it was to the students of Wyomissing.

Hi-Y-Teen Service Award

Each year the Hi-Y-Teens organization present their Service Award to a boy and a girl from the senior class who display outstanding service, leadership, scholarship, citizenship, and character. The sophomore and junior members of the organizations make their selection according to these standards.

This year, Mary Palmer and T. Scott Eavenson have merited this outstanding accolade.

National Honor Society

Becoming a member of the National Honor Society is one of the greatest honors that a student at Wyomissing High School can achieve. Membership is restricted to fifteen percent of the senior class and ten percent of the junior class. Those juniors and seniors who attain a scholastic average of 3.0 are elegible. The teachers then vote for the candidates, using as criteria the students' service, scholarship, leadership, and character.

This year, Wyomissing High School was fortunate in having one student qualify as a National Merit Scholarship Finalist. R. Martin Mellinger, being in the top one-half percent of all those taking the test, was awarded this honor. He will compete against other finalists in order to achieve the National Merit Scholarship Award. Winners of Letters of Commendation in this same contest were: William Charles, Catherine Dieffenbach, Brian Engelhardt, James Reinsel, Ronald Restrepo, and A. Jeffrey Yund.

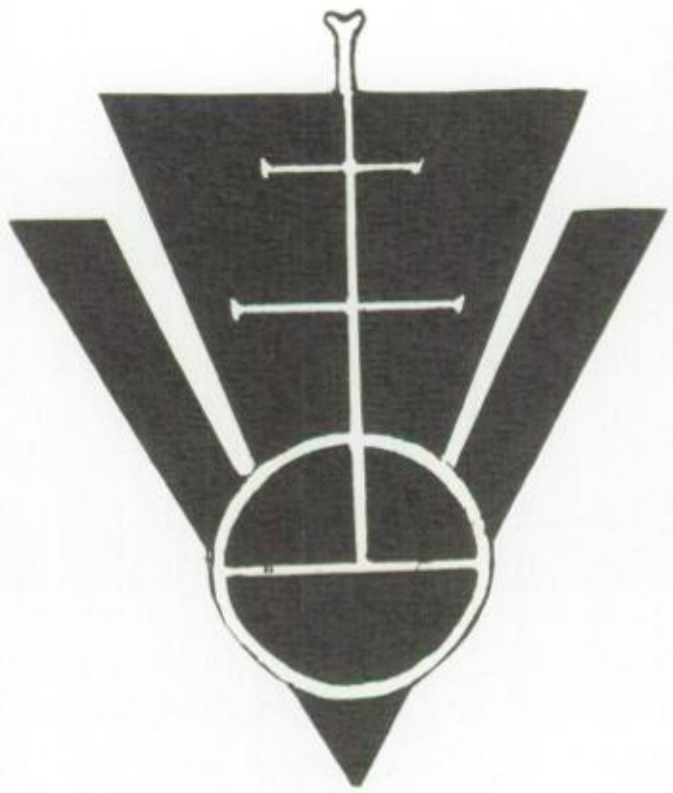
Acknowledgment

In addition to the efforts of our staff, indispensable skill and assistance have been contributed to the *Colophon* by the advisers. The 1969 staff expresses its sincere gratitude to Mr. Russell T. Milford, not only for his supervision of our work, but also his understanding and zeal. Mr. D. C. Shirk also deserves special recognition for the many hours he spent taking and processing pictures. We thank Mr. Charles W. Bell for his aid to the student photographers. We also thank Mr. Charles Gebensleben for his supervision of the patron drive and Mrs. John Ritter for suggestions to the art editors.

The Senior Class of 1969 expresses appreciation to the *Colophon* advisers, as well as to Mr. Edward Patrick of Taylor Publishing Company and to Purdon House of Photography for their professional services. We most gratefully acknowledge the entire community's generosity which made our endeavor possible.



Colophon Tribute

In ancient times, a "colophon" was the concluding paragraph to a literary work. It contained the author's name and other particulars about his endeavor. Accompanied by the symbol seen here, a "colophon" expressed the pride of the author in a completed task and a hope that his efforts would merit a mark of excellence. Thus, in the manner of the ancients, we affix the colophon symbol to our yearbook in the hope that our efforts have produced a true image of our senior year at Wyomissing.
